Feedback from OCSPD Discussion on Indoor Air ELE Peer Review and PCBs in Buildings (ORCR)

## **Deliberative Process / Ex. 5**

Recent TSCA PCB Permit Denial (R1)

## **Deliberative Process / Ex. 5**

# Deliberative Process / Ex. 5

## Emerging Issue: Use of PCB Soils (R3)

- Pennsylvania has two policies (the Beneficial Use General Permit and the Clean Fill Policy) and each allows for placement of PCB containing soils to be placed on land at concentration of 2 ppm or above. R3 has issued NODs and intends to comment on a General Use Permit which expires 12/23/18.

Deliberative Process / Ex. 5

## Deliberative Process / Ex. 5

- R3 previously requested input from the Regional PCB coordinators on this matter. R3 would like to have a discussion among the OLEM Regional PCB Cleanup Directors. R2 will help facilitate the venue and timing of this discussion.

**Next PCB Managers Call** is Thursday, January 24, 3pm eastern.
